

After activating Unity IAP and Analytics from Service window.

Open Purchase script and uncomment  
“IStoreListener”

```
8      // Deriving the Purchaser class from IStoreListener enables it to receive messages from Unity Purchasing.
9      public class Purchaser : MonoBehaviour, IStoreListener
10     {
11
12         public static Purchaser instance;
13     }
```
